

► Editorial programme 2020 (as of 25. March 2020)

		Important industry events
1-2020 (February) Publication date: 13.02.2020 Editorial deadline: 17.01.2020 Advertising Closing: 24.01.2020	<ul style="list-style-type: none"> Consistent print quality (inspection and control systems, measuring systems, proofing, print approval) Web guiding control, web edge control, web tension control of different substrates Inks and coatings for direct contact with food Ecology in the pressroom (cleaning systems, cleaning agents, ink disposal, solvent recycling, exhaust air cleaning) Recycling of packaging, waste disposal Special Extrusion & Converting <ul style="list-style-type: none"> Extrusion – packaging films – recyclates Paper substrates for flexible packaging with specific barrier properties Coating and metallisation Lamination: the right tools for a stress-free adhesive application Roll finishing – cutting machines 	Inno-Meeting: „Handeln“, Osnabrueck/FRG: 13-14 February
2-2020 (April) Publication date: 31.03.2020 Editorial deadline: 04.03.2020 Advertising Closing: 11.03.2020	<ul style="list-style-type: none"> Flexo printing machines for the current requirements in package printing Corrugated cardboard, carton, paper for the packaging production Flexo printing form production (engraving/imaging – mounting sleeves – plate mounting – plate mounting tapes) Software solutions for prepress/print production/ERP/business organization Colour communication – colour management Printing inks (colour systems, colour viscosity measurement, residual ink management, colour dosing, colour measurement) Anilox rollers/sleeves: the right specification for different applications Interaction of application systems (anilox rollers, doctor blades, chamber doctor blade systems, ink supply) 	
3-2020 (June) Publication date: 26.05.2020 Editorial deadline: 27.04.2020 Advertising Closing: 05.05.2020	<ul style="list-style-type: none"> Package printing – digital, analog or hybrid? Gravure printing machines – latest developments Manufacturing of gravure cylinders and embossing rollers Surface (pre)treatment (corona, plasma, ionisation, mechanical web cleaning, etc.) Electrostatic and surface cleaning in printing and converting Printing peripherals: ink kitchen, washing machines, distillation units, storage and logistics systems Special Digital Printing today <ul style="list-style-type: none"> Innovations in digital printing Digital printing on packaging films Workflow management in digital printing 	

Media Information 2020

		Important industry events
4-2020 (July) Publication date: 20.07.2020 Editorial deadline: 23.06.2020 Advertising Closing: 30.06.2020	<ul style="list-style-type: none"> Corrugated cardboard, carton and paper (prepress, preprint, postprint, die cutting and embossing technologies) Printing and converting of „new“ packaging substrates Prepress: potential for rationalisation in form production Tailor-made machine concepts for different applications (decor, security and package printing) Sleeve and adapter systems in flexo printing Retrofit/used machines 	RosUPack, Moscow/RUS: 25–28 August
5-2020 (September) Publication date: 14.09.2020 Editorial deadline: 18.08.2020 Advertising Closing: 25.08.2020	<ul style="list-style-type: none"> Anniversary edition: 30 years Flexo+Tief-Druck Flexo printing – from potato print to the leading package printing process Three decades of gravure printing: print quality at the highest level Flexo printing forms 1990 and 2020 – a breathtaking development Manufacturing of gravure cylinders in the 21st century – stable and innovative Packaging 4.0 - on the way to fully crosslinked package production Special Extrusion & Converting <ul style="list-style-type: none"> Film technology (extrusion, pre-treatment, lamination, composites) Coating processes: advantages and disadvantages, areas of application Inspection and control systems for difficult applications Winding up properly: Technical rollers, expansion chucks, brakes, safety chucks, winding shafts Laser systems in packaging converting 	DFTA Autumn Conference / ProFlex/Award „DFTA TOP Ausbilder“, Dortmund/FRG: 13-15 October ERA Packaging & Decorative Conference, Thessaloniki/GR: 4-5 November
6-2020 (November) Publication date: 16.11.2020 Editorial deadline: 20.10.2020 Advertising Closing: 27.10.2020	<ul style="list-style-type: none"> drupa countdown Part 1: Prepress – Printing Inks – Digital Printing Prepress flexo and gravure printing (colour separation, colorimetry, proofing, fixed colour palette, form production, workflow) Inks and varnishes for package printing – colour systems, colour logistics, dosing Finishing (effect colours, varnishing, embossed foil printing) Drying / curing of inks and varnishes Anilox rollers: transfer defined quantities of ink and varnish Doctor blade technology (printing applications and coatings) Special Digital Printing today <ul style="list-style-type: none"> Digital printing on absorbent / non-absorbent substrates Digital printing – specify and measure quality Digital printing of rigid packaging (container printing) 	Innoform – Expertentreff Verpackungsdruck, Osnabrueck/FRG: 24-25 November

We value your opinion! Please contact editor Ansgar Wessendorf at wessendorf@gk-techmedia.com and let him know where we can improve, what topics are important to you, and what you also like to read about. We are looking forward to your most appreciated suggestions!

Media Information 2020

► Special Extrusion & Converting

The current challenges in film production and converting: Extrusion ■ Packaging films ■ Pre-treatment of films ■ Coating and metallisation ■ Lamination ■ Cutting machines ■ Technical rollers ■ Winding technologies

- in Flexo+Tief-Druck 1-2020 (February)
- in Flexo+Tief-Druck 5-2020 (September)

► Special Digital Printing today

Latest technologies ■ „Big data“: Preparation of large data volumes for digital package printing ■ Integration of digital print systems in existing production environments ■ Business models ■ Best practices in digital printing

- in Flexo+Tief-Druck 3-2020 (June)
- in Flexo+Tief-Druck 6-2020 (November)
